

# Reindeer Card Holder

This project makes a lovely Christmas present to send home for Mom. It is a colorful way to collect all those Christmas cards that arrive in the mail.

## Materials:

- Red butcher paper
- Construction paper
  - brown 7" x 12" (18 cm x 30.5 cm) body
  - 5" x 3" (13 cm x 7.5 cm) ears
  - brown 6" x 8" (15 cm x 20.5 cm) antlers and eyes
  - green 7" x 3" (18 cm x 7.5 cm) halter
  - red 2 1/2" x 2 1/2" (6.3 cm x 6.3 cm) nose
- Yarn (optional)
- Scissors, paste, stapler
- Hanger

## Steps to follow:

1. Staple the red butcher paper to the hanger.
2. Fold up the bottom three times in 4" (10cm) segments. Staple the edges to create a pocket.
3. Cut out the reindeer pieces and paste to the butcher paper so the reindeer's head is just below the hanger hook.

Use the black paper scraps to cut out eyes.

The nose can be extra special if you...

- a. put a spacer behind the red circle to make it stand out.
- b. cut the red circle larger. Cut in and overlap to make a cone-shaped nose.
- c. make a red yarn pompom that's fun to rub.
